Is the statement made up-to-date?	No
Is the statement made for correction purposes	No
Date of the previous statement made regarding the matter	-
Is the statement made a deferred statement?	No

### Content of the Notification

#### Statements

A falsified news has been issued in Sabah Newspapers today with respect to the sales of the property ("Land") of our Company located in the province of Istanbul, district of Esenyurt (Hadımköy) in 2012, alleging that the property in question is sold at "half price".

Such news/allegation asserting that this Land is sold at half price does not reflect the truth. On the contrary, this property (Land) is sold 50% higher than its market value as determined by a Valuation Report prepared by a Licensed Property Valuation Company.

This baseless news, which is understood to be fabricated based upon the statement of third persons without conducting any research in this respect, needs to be corrected as follows. In light of aforementioned information,

1- It is decided on October 17, 2012 the idle Land in question be sold to Feza Gazeticilik A.Ş. ("Buyer") for TL 50.000,000 in cash as a result of mutual negotiations and this sales transactions is shared with the public and our investors in the Stock Market with a Material Disclosure ("MD") issued through Public Disclosure Platform ("PDP") at the same date. 50% of the sales price is collected on October 19, 2012 while the remaining 50% is collected on December 18, 2012, all of which is collected within 60 days.

2- According to our solo financial tables prepared in accordance with Turkish Code of Commerce/Tax Procedure Law dated October 17, 2012, TL 29.106.2011,05 sales profits are gained on assets through the sales of this Property.

3- As it has been already indicated in Material Disclosure made through Public Disclosure Platform on October 17, 2012, the sales purpose of the idle property in question is to use our assets and resources effectively.

4- Market value of the Property in question during the sales period is determined to be TL 33.265.00 in our Financial Reports prepared on a periodical basis every 3 months by our Company to be disclosed to public in the Stock Market through Public Disclosure Platform according to the Valuation Report prepared by a Licensed Property Valuation Company.

5- Accordingly, the Property in question is sold 50% higher than its market value as determined by the aforementioned Valuation Report.

6- Thus, the news stating the aforementioned property is sold at half price of its actual price does not reflect the truth in any reasonable sense. On the contrary, this property (Land) is sold 50% higher than its market value as determined by a Valuation Report prepared by a Licensed Property Valuation Company.

Submitted to the information of the public.

Truly yours,

We hereby declare that our aforementioned statements comply with the principles of applicable Exceptions Communiqué of Capital Markets Board, that it truly reflects the information received by us, that such information complies with the our book, record and documents, that we have made all the endeavours required in order to obtain information relating to the matter fully and accurately and that we shall be responsible for these disclosures.
