**CONVENIENCE TRANSLATION INTO ENGLISH OF  
CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD 1 JANUARY- 31 DECEMBER 2020**

**CONVENIENCE TRANSLATION INTO ENGLISH OF  
INDEPENDENT AUDITOR'S REPORT  
ORIGINALLY ISSUED IN TURKISH**

**INDEPENDENT AUDITOR'S REPORT**

**To the General Assembly of Hürriyet Gazetecilik ve Matbaacılık A.Ş.**

**A. Audit of the Consolidated Financial Statements**

**Opinion**

We have audited the accompanying consolidated financial statements of Hürriyet Gazetecilik ve Matbaacılık A.Ş. (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated statement of balance sheet as at 31 December 2020 and the consolidated statement of profit or loss, consolidated statement of other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended and the notes to the consolidated financial statements and a summary of significant accounting policies and consolidated financial statement notes.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Group as at 31 December 2020, and its financial performance and its cash flows for the year then ended in accordance with Turkish Accounting Standards ("TMS").

**Basis for Opinion**

Our audit was conducted in accordance with the Standards on Independent Auditing (the "SIA") that are part of Turkish Standards on Auditing issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under these standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We hereby declare that we are independent of the Group in accordance with the Ethical Rules for Independent Auditors (the "Ethical Rules") and the ethical requirements regarding independent audit in regulations issued by POA that are relevant to our audit of the financial statements. We have also fulfilled our other ethical responsibilities in accordance with the Ethical Rules and regulations. We believe that the audit evidence we have obtained during the independent audit provides a sufficient and appropriate basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. Key audit matters were addressed in the context of our independent audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<b>Key Audit Matters</b>	<b>How our audit addressed the key audit matter</b>
<p data-bbox="225 277 809 338"><b>Investment properties are measured by using the fair value method</b></p> <p data-bbox="225 376 809 539">As explained in Note 12, as of 31 December 2020, the Group’s investment properties, which have a carrying amount of TRY 156,248,359 and represent a significant share of total assets, comprise of land and buildings.</p> <p data-bbox="225 577 809 1115">The accounting policy for investment properties used by the Group management is the “fair value method”, as described in Note 2.2. The fair values of these assets are determined by independent valuation experts authorized by the Capital Markets Board (“CMB”) and are recognised in the consolidated financial statements after being assessed by the Group management. Fair values of the investment properties depend on the valuation method used as well as the input and assumptions used in the valuation model. Fair values are directly affected by factors such as market conditions, specific characteristics, physical condition and the geographic location of each investment property.</p> <p data-bbox="225 1153 691 1182">The reasoning of our focus in this area;</p> <ul data-bbox="276 1220 809 1556" style="list-style-type: none"> <li data-bbox="276 1220 809 1317">• The quantitative materiality of the investment properties in the financial statements,</li> <li data-bbox="276 1323 809 1556">• When determining the fair values of the investment properties, methods such as the benchmarking analysis approach, cost approach and direct capitalization approach are used, and these methods include variables that may lead to changes in the fair values.</li> </ul>	<p data-bbox="831 277 1431 376">We assessed the qualifications, competencies and Independence of the Professional appraisers engaged by the management.</p> <p data-bbox="831 414 1431 474">Deeds and ownership ratios of investment properties were tested on a sample basis</p> <p data-bbox="831 512 1431 745">We compared the consistency of the inputs which have a significant impact on the property value determined and were stated in the valuation reports, such as unit sales value, against observable market prices, and then tested whether the appraised values are within an acceptable range.</p> <p data-bbox="831 784 1431 981">Fair values stated in the valuation reports were compared with the disclosures in the consolidated financial statements to assess if the values in the disclosures and accounting records are consistent with the valuation report and the disclosures are sufficient based on the requirements of TFRS.</p> <p data-bbox="831 1050 1431 1149">We had no material findings in our audit procedures related to the investment properties accounted for using the fair value method.</p>

Key Audit Matters	How our audit addressed the key audit matter
<p data-bbox="225 208 805 271"><b>Fair value of land and buildings recognised using the fair value method</b></p> <p data-bbox="225 304 805 539">As explained in Note 13, the Group recognised land and buildings accounted under property, plant and equipment at their fair value as of 31 December 2020. The fair value of land and buildings was TRY 517,444,015 as of 31 December 2020, and a fair value increase of TRY 53,646,433 was recognised under equity.</p> <p data-bbox="225 573 805 1111">The accounting policy Group management applies when recognizing these lands and buildings is the “fair value method”, as described in detail in Note 2.2. The fair values of these assets are determined by independent valuation institutions authorized by the Capital Markets Board (“CMB”) and are recognised in consolidated financial statements after being assessed by Group management. Fair values of the investment properties depend on the valuation method used as well as the input and assumptions in the valuation model. Fair values are directly affected by factors such as market conditions, specific characteristics, physical condition and the geographic location of each investment property.</p> <p data-bbox="225 1144 805 1211">Reasons we emphasized this topic are as follows;</p> <ul data-bbox="225 1245 805 1615" style="list-style-type: none"> <li data-bbox="225 1245 805 1357">• The significance of land and buildings in the financial statements in terms of amount</li> <li data-bbox="225 1357 805 1615">• When determining the fair values of the land and buildings, methods such as the benchmarking analysis approach, cost approach and direct capitalization approach are used, and these methods include variables that can lead to changes in the fair values of the properties.</li> </ul>	<p data-bbox="831 208 1428 405">Valuation reports prepared by the independent property valuation institutions assigned by the Group are obtained and the property valuation accreditations and licenses of these institutions granted by the Capital Markets Board are checked based on Independent Audit Standards.</p> <p data-bbox="831 439 1428 506">Deeds and ownership ratios of land and buildings were tested on a sample basis</p> <p data-bbox="831 539 1428 775">We compared the consistency of the inputs which have a significant impact on the property value determined and were stated in the valuation reports, such as unit sales value, against observable market prices, and then tested whether the appraised values are within an acceptable range.</p> <p data-bbox="831 808 1428 1010">Fair values stated in the valuation reports were compared with the disclosures in the consolidated financial statements to assess if the values in the disclosures and accounting records are consistent with the valuation report and the disclosures are sufficient based on the requirements of TFRS.</p> <p data-bbox="831 1043 1428 1144">We had no material findings in our audit procedures related to the land and buildings accounted for using the fair value method.</p>

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Group management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with TFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with SIA is a high level of assurance but does not guarantee that a material misstatement will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an independent audit conducted in accordance with SIA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Assess the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

### **Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements (continued)**

· Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **B. Other Responsibilities Arising from Regulatory Requirements**

- i. No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code (“TCC”) and that causes us to believe that the Company’s bookkeeping activities concerning the period from 1 January to 31 December 2020 period are not in compliance with the TCC and provisions of the Company’s articles of association related to financial reporting.
- ii. In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.
- iii. In accordance with subparagraph 4 Article 398 of the TCC, the auditor’s report on the early risk identification system and committee was submitted to the Company’s Board of Directors on 8 March 2021.

The name of the engagement partner who supervised and concluded this audit is Mehmet Akif AK.

**NOTE 1 – ORGANISATION AND NATURE OF OPERATIONS**

Hürriyet Gazetecilik ve Matbaacılık A.Ş. (“Hürriyet” or the “Company”) was established in 1960 and is registered in Turkey. The Company undertakes journalism, printing, advertising, internet publishing activities and operates seven printing plants with locations in İstanbul, Ankara, İzmir, Adana, Antalya, Trabzon and Germany.

As stated in Note 21, Doğan Şirketler Grubu Holding A.Ş., which has 552,000,000 shares registered in its shares, representing 77.67% of the issued capital of Hürriyet, has transferred to Demirören Medya Yatırımları Ticaret A.Ş. (“Demirören Medya”) on 16 May 2018. The share transfer was completed with the extraordinary general meeting held on 6 June 2018. As a result of this transaction, Demirören Media has become the main shareholder of the Company.

In addition, the issued capital of the Company was increased by TRY 40,000,000 (7.24%) from TRY 552,000,000 to TRY 592,000,000 in accordance with the decision of the Board of Directors dated November 19, 2018. Which is divided into 552,000,000 shares and each share has a nominal value of TRY 1.00 within the registered share capital of TRY 800,000,000. The issuance certificate for the capital increase was approved by the Capital Markets Board dated December 13, 2018 and numbered 63/1446., the capital increase transaction was completed with the cash payment of Demirören Medya on December 21, 2018 and the transaction was registered on 15 January 2019.

The ultimate shareholder of the company is the Demirören family.

The number of employees of the Group as of 31 December 2020 is 1,233 (31 December 2019: 1,053).

The address of the registered office is as follows:

100. Yıl Mahallesi, 2264 Sokak No:1 34204 Bağcılar/İstanbul Turkey

The Company is registered of the Capital Markets Board (“CMB”) and its shares have been quoted on the Borsa İstanbul A.Ş. (“BİAŞ or “Borsa” or “BİST”) since 25 February 1992. In accordance with the resolution numbered 21/655 on 23 July 2010 and amendment held on 30 October 2014 of CMB; according to the records of Central Securities of Depositary of Turkey (CSD); shares representing 20.82 % as of 31 December 2020 (31 December 2019: 16.54%) of Hürriyet are accepted as “in circulation”. As of the date of the report, this ratio is 20.82% (Note 21).

---

**NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)**

**2.1 Basis of presentation (Continued)**

**2.1.1 Preparation and presentation of financial statements (Continued)**

**Statement of Compliance with TAS (Continued)**

The accompanying consolidated financial statements are prepared in accordance with 2019 TASTaxonomy based on the requirements of Capital Markets Board (“CMB”) Communiqué Serial II, No:14.1 “Basis of Financial Reporting in Capital Markets” and Turkish Financial Reporting Standards (“TFRS”) issued by the Public Oversight Accounting and Auditing Standards Authority (“POA”), which is developed by POA and announced to the public by the decision of the POA on 15 April 2019 in accordance with paragraph 9(b) of Decree Law No. 660.

The Group records its statutory accounting records in accordance with the Tax Legislation and The Uniform Chart of Accounts (Accounting System Implementation General Communiqué) published by T.C. Ministry of Finance in Turkish Lira.

Consolidated financial tables are prepared on the historical cost basis except for lands, buildings, investment properties and derivative instruments.

**2.1.2 Principles of consolidation method**

**(a) Subsidiaries**

Subsidiaries comprise entities which Hürriyet directly and indirectly controls. Control is achieved when the Group:

- Has power over the investee
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes at least to one of the elements of control listed above.

The Group considers all the relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- The size of the Group’s holding of voting rights relative to the size and dispersion of voting rights of the other shareholders;
- Potential voting rights held by the Group and other parties;
- Rights arising from other contractual arrangements; and
- Any facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities (including voting patterns at previous shareholders’ meetings)

Subsidiaries are consolidated by full consolidation method by the date the Group takes the control. From the date the control is over, subsidiaries are excluded from the consolidation scope. Proportion of effective ownership represents the share which the Group has through the shares held by Hürriyet and/or indirectly by its subsidiaries.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)**

**2.1 Basis of presentation (Continued)**

**2.1.2 Principles of consolidation method (Continued)**

**(a) Subsidiaries (Continued)**

Subsidiaries acquired or disposed of during the accounting period are included in the consolidation from the date at which the control of operations are transferred to the Group and excluded from the consolidation when the control is lost. Even if non-controlling interests result in a deficit balance, total comprehensive income is attributed to the owners and to the non-controlling interests.

Income and expenses of a subsidiary, acquired or disposed of the during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

***Changes in share capital of the Group’s existing subsidiaries:***

Changes in the Group's ownership interests in subsidiaries that do not result in the loss of control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognized in profit or loss and is calculated as the difference between

- i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and
- ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests

All amounts previously recognized in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable TFRS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under TAS 39 “Financial instruments: recognition and measurement”, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

<sup>(4)</sup> The related subsidiary has entered the liquidation process as of 18 December 2020.

**2.1.3 Comparative information and restatement of prior period financial statements**

In order to allow for the determination of the financial situation and performance trends the Group’s consolidated financial statements have been presented comparatively with the previous year. Where necessary, comparative figures have been reclassified to conform to the changes in presentation in the current period.

**2.1.4 Significant accounting policies and changes in accounting estimates and errors and restatement of previously reported financial statements**

Effect of changes in accounting estimates, if it is only related to one period, is recognized in the period that the change is made, if it is related with the future periods, is recognized in the current period and also in future periods, prospectively. There is no significant change in accounting estimates of the Company during the current period. When the presentation or classification of financial statements is changed, prior period’s financial statements are also reclassified in line with the related changes in order to sustain consistency and all significant changes are explained.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)**

**2.1 Basis of presentation (Continued)**

**2.1.5 Changes in Turkey Financial Reporting Standards**

**New and amended standards and interpretations**

The accounting policies adopted in preparation of the consolidated financial statements as at December 31, 2020 are consistent with those of the previous financial year, except for the adoption of new and amended Turkish Accounting Standards (“TAS”)/IFRS and IFRIC interpretations effective as of January 1, 2019. The effects of these standards and interpretations on the Group’s financial position and performance have been disclosed in the related paragraphs.

**Standards, amendments and interpretations applicable as at 31 December 2020:**

**Amendments to IAS 1 and IAS 8 on the definition of material;** effective from Annual periods beginning on or after 1 January 2020. These amendments to IAS 1, ‘Presentation of financial statements’, and IAS 8, ‘Accounting policies, changes in accounting estimates and errors’, and consequential amendments to other IFRSs:

- i) use a consistent definition of materiality throughout IFRSs and the Conceptual Framework for Financial Reporting;
- ii) clarify the explanation of the definition of material; and
- iii) incorporate some of the guidance in IAS 1 about immaterial information.

This change does not have any impact on the Group’s financial performance.

**Amendments to IFRS 3 - definition of a business;** effective from Annual periods beginning on or after 1 January 2020. This amendment revises the definition of a business. According to feedback received by the IASB, application of the current guidance is commonly thought to be too complex, and it results in too many transactions qualifying as business combinations. This change does not have any impact on the Group’s financial performance.

**Amendments to IFRS 9, IAS 39 and IFRS 7 – Interest rate benchmark reform;** effective from Annual periods beginning on or after 1 January 2020. These amendments provide certain reliefs in connection with interest rate benchmark reform. The reliefs relate to hedge accounting and have the effect that IBOR reform should not generally cause hedge accounting to terminate. However, any hedge ineffectiveness should continue to be recorded in the income statement. Given the pervasive nature of hedges involving IBOR-based contracts, the reliefs will affect companies in all industries. This change does not have any impact on the Group’s financial performance.

**Amendment to IFRS 16, ‘Leases’ – Covid-19 related rent concessions;** effective from Annual periods beginning on or after 1 June 2020.

As a result of the coronavirus (COVID-19) pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. On 28 May 2020, the IASB published an amendment to IFRS 16 that provides an optional practical expedient for lessees from assessing whether a rent concession related to COVID-19 is a lease modification. Lessees can elect to account for such rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as variable lease payments in the period(s) in which the event or condition that triggers the reduced payment occurs. This change does not have any impact on the Group’s financial performance.

FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)**

**2.1 Basis of presentation (Continued)**

**2.1.5 Changes in Turkey Financial Reporting Standards (Continued)**

**Standards, amendments and interpretations that are issued but not effective as at 31 December 2019:**

**Amendments to IAS 1, Presentation of financial statements’ on classification of liabilities;** effective from 1 January 2022. These narrow-scope amendments to IAS 1, ‘Presentation of financial statements’, clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the ‘settlement’ of a liability.

**A number of narrow-scope amendments to IFRS 3, IAS 16, IAS 37 and some annual improvements on IFRS 1, IFRS 9, IAS 41 and IFRS 16;** effective from Annual periods beginning on or after 1 January 2022.

- Amendments to IFRS 3, ‘Business combinations’ update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.
- Amendments to IAS 16, ‘Property, plant and equipment’ prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss.
- Amendments to IAS 37, ‘Provisions, contingent liabilities and contingent assets’ specify which costs a company includes when assessing whether a contract will be loss-making.

**Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform Phase 2;** effective from annual periods beginning on or after 1 January 2021. The Phase 2 amendments address issues that arise from the implementation of the reforms, including the replacement of one benchmark with an alternative one.

The impacts of the new standards, amendments and improvements on the financial position and performance of the Group is being assessed.

**2.2 Summary of significant accounting policies**

**2.2.1 Related parties**

A related party is a person or entity that is related to the entity that is preparing its financial statements.

a) A person or a close member of that person's family is related to a reporting entity if that person:

- (i) has control or joint control over the reporting entity;
- (ii) has significant influence over the reporting entity; or
- (iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.1 Related parties (Continued)**

(b) An entity is related to a reporting entity if any of the following conditions exists:

- (i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

Under the guidance of the explanations mentioned above and also in compliance with TAS 24, Demirören Medya Yatırımları A.Ş. directly or indirectly has participation, including any entities under common control; real persons and legal entities that have direct or indirect individual or joint control over the company and their close family members (relatives up to second-degree) and legal entities having direct or indirect individual or joint control by them and legal entities having significant effect over the Company or their key management personnel; Company’s subsidiaries and members of the Board of Directors, key management personnel and their close family members (relatives up to second-degree) and real persons or legal entities that are directly or indirectly controlled individually or jointly (Note 33).

**2.2.2 Financial assets**

Classification and measurement

The Group has categorized its financial assets into three accounts as financial assets accounted at amortized cost, financial assets whose fair value is reflected to the income statement and financial assets whose fair value is reflected to the other comprehensive income. Classification has been performed by considering business model according to the purpose of use and expected cash flow. Management classifies its financial assets at the date that the purchase is completed.

(a) *Financial assets accounted at amortized cost:*

Management, which adopted collection business model of cash flow as based on contract including only the payment of cash and the interest stemming from cash balance, classified the financial assets, which have certain and fixed payment, are not traded in active market and are not derivative instrument, at amortized cost. If the maturity of the financial asset is less than 12 months, it is called Current assets whereas if the maturity is more than 12 months, it is called Non-current assets. The financial assets accounted at amortized cost include ‘Trade Receivable’ ‘Other Receivable’ and ‘Cash and Cash Equivalent’. In addition to that, the trade receivable which are taken from factoring firm is classified in the financial assets accounted at amortized cost because its collection risk is not transferred.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.2 Financial assets (Continued)**

*Impairment*

The Group uses the provision matrix by choosing simplified application method in the process of calculating the impairment of trade receivable because such receivables don't have significant funding component. In the case of unimpairment in the trade receivable due to any certain reasons, the Group considers expected credit loss to be equal to lifelong expected credit loss. The calculation of provision for expected credit loss has been performed using the expected credit loss ratio determined by considering historical credit loss experience and macroeconomic indicators

*(b) Assets accounted at fair value*

The assets which management adopted the collection or sale business model of cash flow resulted from contracts have been accounted at fair value. The assets as explained in previous sentence have been classified as the non-current asset if the management does not intend to sell within 12 months. The Group makes a decision about recording the fair value difference as equity investment in the statement of profit or loss or the other comprehensive income for the investment on the financial assets as based on equity in the process of first record. This decision cannot be changed.

*i) The asset whose fair value is recorded in the statement of profit or loss*

The assets whose fair value is recorded in the statement of profit or loss include the ‘Derivative Instrument’ accounts in the financial statement. Derivative instrument is recorded as an asset if its fair value is positive whereas derivative instrument is recorded as a liability if its fair value is negative. The derivative instruments of the Group consist of the operation of purchase and sale of currency with maturity.

*ii) The asset whose fair value is recorded in the other comprehensive income*

The assets whose fair value is recorded in the other comprehensive income include ‘Financial Investment’ and ‘Derivative Instrument’ accounts in the financial statement. Valuation difference has been classified in retained earnings in the case of the sale of the assets whose fair value difference is recorded in the other comprehensive income.

**2.2.3 Trade receivables and provision for doubtful receivables**

The Group's trade receivables from providing goods or services to customers are carried at net of unrealized finance income “unearned financial income due to sales with maturity”. Trade receivables, net of unrealized finance income, are calculated by discounting future cash inflows of receivables carried at the original invoice amount using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period to the net carrying amount on initial recognition. Effective interest method is calculating the present value in accordance with the compound interest basis. The rate determined by compound interest basis and applied in this method is named “effective interest rate”. Short term receivables with indefinite interest rate are carried at cost unless the effect of imputing interest is significant (Note 7).

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.3 Trade receivables and provision for doubtful receivables (Continued)**

When calculating the impairment of trade receivables, which are recognised based on the cost amortised in financial statements and do not include an important financing component, Group preferred to adopt “simplified approach” in TFRS 9 standard.

According to “simplified approach” of TFRS 9 Standard, loss provisions concerning trade receivables are calculated equal to “lifetime expected credit loss” if trade receivables are not impaired due to valid reasons as stated in TFRS 9.

TAS 39“Financial Instruments: Recognition and Measurement” valid before 1 January 2018: Instead of “realised credit losses model” in TAS 39, “expected credit loss model” was defined in TFRS 9 “Financial Instruments” Standard. Expected credit loss is estimated by weighting credit losses, expected to occur throughout the expected life of financial instruments, based on previous statistics. When calculating the expected credit losses, credit losses in the previous years and forecasts of the Group are considered.

The Group uses “provision matrix” to calculate the expected credit losses of trade receivables. According to the overdue maturities of trade receivables, certain provision rates are calculated and these ratios are revised each reporting period, if necessary. The change related to the expected credit loss is recorded under other operating income/expense.

If there is a partial or whole collection over the doubtful receivable amount subsequent to the allocation of provision for doubtful receivables, the collected portion is recognised under the other operating income following the deduction from total provision amount

**2.2.4 Impairment of assets excluding goodwill and intangible assets with indefinite useful lives**

At each balance sheet date, the Group evaluates whether there are any indications that an asset other than goodwill or intangible assets with indefinite useful lives may be impaired. When an indication of impairment exists, carrying value of the assets is compared with the net realizable value which is the higher of value in use and fair value less costs to sell. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). Impairment exists if the carrying value of an asset or a cash generating unit including that asset is greater than its recoverable amount. Impairment losses are recognised in the consolidated statement of income. As of 31 December 2020, the Group has classified the impairment loss of intangible assets related to discontinued operations in the current and prior period under “Loss of discontinued operations for the period after tax” in the statement of profit or loss as stated in Note 31.

**2.2.5 Inventories**

Inventories are valued at the lower of cost or estimated selling price less estimated costs necessary to make a sale (net realizable value). Cost elements included in inventory are purchase costs and other costs necessary to prepare the asset for its intended use. Cost elements included in inventories are materials, labor and production over heads. The unit cost of inventories is determined on the moving weighted average basis (Note 10).

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.5 Inventories (Continued)**

When the net realizable value of inventory is less than cost, the inventory is written down to the net realizable value and the expense is included in the consolidated statement of profit or loss in the period the write-down or loss occurred. When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount of the write-down is reversed. The reversal amount is limited to the amount of the initial impairment. The management evaluates the inventory impairment amount (if any) as of the balance sheet dates (Note 10).

**2.2.6 Investment properties**

Investment properties are properties held to earn rentals and/or for value increase. Investment properties are measured initially at cost, including transaction costs. As of the date of the report, the properties held for a currently undetermined future use by the Group management, have been classified as investment properties.

Subsequent to initial recognition, at the end of each year when there is an indication of impairment, in accordance with the appraisal reports obtained from licensed real estate appraisal organizations under the Capital Market Legislation, investment properties are stated at fair value which reflects the market conditions as of the statement of financial position date. Gain or losses arising from changes in the fair values of investment properties are included in the consolidated statement of profit or loss in the period in which they arise. Deferred tax liability/asset has been calculated from all the temporary differences from investment properties.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from disposal. Any gain or loss arising from derecognition of the property is included in the statement of profit or loss in the period in which the property is derecognized.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. If owner occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property, plant and equipment up to the date of change in use. The difference between cost value and fair value at the date of the change is recognized as revaluation fund in consolidated statement of other comprehensive income (Note 12).

**2.2.7 Property, plant and equipment**

Property, plant and equipment except for land and building are carried at cost less any accumulated depreciation and any accumulated impairment losses (Note 13). Depreciation is provided on property, plant and equipment on a straight-line basis (except land and building). The useful life of land is considered infinite.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**2.2 Summary of significant accounting policies (Continued)**

**2.2.7 Property, plant and equipment (Continued)**

The depreciation periods for property and equipment, which approximate the economic useful lives of assets concerned, are as follows:

Machinery and equipment	3-15 years
Furniture and fixtures	3-15 years
Motor vehicles	5 years
Leasehold improvements	2-20 years

Expected useful life, residual value and depreciation method are reviewed annually for possible effects of changes in estimates and are recognized prospectively if there is a change in estimates.

An item of property, plant and equipment is derecognized in the consolidated statement of financial position upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the consolidated statement of profit or loss.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount provided to allocate provision. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Fair value less costs to sell is the amount obtainable from the sale of an asset less the costs of disposal. Value in use is the present value of the future cash flows expected to be derived from an asset plus the residual value of the related assets as of the consolidated statement of financial position date.

Regular repair and maintenance expenses are charged to the consolidated statement of profit or loss as they are incurred. Capital expenditures that increase the present value of the future cash flows expected to be derived from property, plant and equipment by increasing its capacity is added to the cost of tangible asset.

Lands and buildings are recorded with their fair values. The difference between the cost value and the fair value is recorded as “revaluation funds” account under the equity, net of deferred tax. The revaluation increase is recorded in the statement of profit or loss if there is a previously recognised impairment in the statement of profit or loss. A decrease in the book value of the land and buildings is recorded in the statement of profit or loss if it exceeds the value in the revaluation fund for the previous revaluation of that asset. When the revalued asset is used, the difference between the amortization calculated over the revalued amount and the amortization calculated over the initial cost amount is recorded in retained earnings after deducting the deferred tax effect.

**2.2.8 Intangible assets and amortization**

Intangible assets excluding goodwill and assets with infinite useful lives comprise trade names and licenses, customer lists, computer software and rights, internet domain names and other intangible assets. All trade names, customer lists and internet domain names have been identified as a result of independent valuations performed for the purchase price allocation related to the business combinations. Useful lives of certain trade names are determined to be infinite. Assets that have an infinite useful life are not subject to amortization and are tested for impairment annually (Note 14)

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**2.2 Summary of significant accounting policies (Continued)**

**2.2.8 Intangible assets and amortization (Continued)**

Trademark	20 years
Customer lists	9-18 years
Computer software and rights	5-15 years
Internet domain names	3-20 years
Other intangible assets	5 years

Intangible assets with finite useful lives are carried at their acquisition cost and amortised using the straight-line method over their estimated useful lives (Note 14).

Intangible assets with finite useful lives are evaluated for impairment losses and if the book value exceeds the recoverable value, a provision is reserved to decrease the book value to recoverable value. Recoverable amount is considered to be the higher of future net cash flows of the intangible asset or the fair value less costs to sell. Impairment losses are recognized immediately in the statement of profit or loss.

The Group evaluates whether there are any indications that an asset other than goodwill or intangible assets with infinite life may be impaired. When an indication of impairment exists, carrying value of the assets is compared with the net realizable value which is the higher of value in use and fair value less costs to sell. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). In the calculation of value in use, the discount rate before tax, which reflects the value of money in use within current market conditions and risks related to estimates about the future cash flow is used.

**Web page development costs**

Costs associated with developing web pages are capitalized and are amortized over their estimated useful lives (Note 14). Following the planning phase and operation; all costs are recognized as expense. Maintenance costs of web pages are accounted as operational expenses.

**2.2.9 Taxes**

Taxation on income includes current period income taxes and deferred taxes. Current year tax liability consists of tax liability on period income calculated according to currently enacted tax rates and tax legislation in force as of balance sheet date and includes adjustments related to the previous year’s tax liabilities. Turkish tax legislation does not permit a parent company to file a consolidated tax return for its subsidiary and its joint venture. Therefore, tax provisions, as reflected in the accompanying consolidated financial statements, have been calculated on a separate-entity basis.

Deferred tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date.

Deferred tax liabilities are recognised for all taxable temporary differences, where deferred tax assets resulting from deductible temporary differences are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.9 Taxes (Continued)**

Deferred tax liabilities are recognized when the Group is able to control the reversal of temporary differences, except in those cases where the likelihood of this difference to be recovered in the near future is low, and taxable temporary differences associated with investments in associates and interests in joint ventures calculated for all of the differences. Such investments and taxable temporary deferred tax assets arising from differences, obtaining sufficient profits subject to taxation in the near future it is highly likely that it will benefit from differences and that future related differences it is probable that it will be possible to remove.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities (Note 30).

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they are related to income taxes levied by the same taxation authority (Note 30).

**Current and deferred tax**

Tax is included in the statement of profit or loss, unless it is related to an operation that is accounted directly under equity. Otherwise, tax is accounted under equity as well as the related transaction (Note 30).

**2.2.10 Financial borrowings and borrowing costs**

Borrowings are recognized initially at the proceeds received; net of transaction costs incurred. Borrowings are subsequently stated at amortized cost using the effective interest method. Any difference between proceeds, net of transaction costs, and the amortised cost value is recognised in the statement of profit or loss as finance expense over the period of the borrowings. The borrowing costs which are directly related with the acquisition, manufacturing or production of a qualifying asset (means that a long period of time is required to make available for sale and use as purposed) are capitalized as a part of the related asset (Note 6).

**2.2.11 Employment termination benefits**

The Group is required to pay termination benefits to employees who is retired, whose employment is terminated without due causes in Labour Law, in accordance with the Law related with The Arrangement of the Relationships within the Employees in Press Sector (employees in media sector) and other laws.

The provision for employment termination benefit represents the present value of the actuarial assumption’s total reserves of the future probable liability of the Group arising from the retirement of the employees measured in accordance with the Turkish Labour and Press Labour Laws (Note 18).

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.11 Employment termination benefits (Continued)**

According to the amendment in TAS 19, the Group calculated employment benefit in accordance with the report prepared by the actuarial firm and recognised all actuarial loss and gains in the other comprehensive statement of profit or loss as of balance sheet date.

**2.2.12 Provisions, contingent assets and liabilities**

Provisions are recognised when the Group has a present legal or constructive obligation or a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

Contingent liabilities are assessed continually to determine whether an outflow of resources comprising economic benefits has become probable. If it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability, a provision is recognised in the financial statements of the period in which the change in probability occurs except in the extremely rare circumstances where no reliable estimation can be made.

In case the Group's contingent liabilities become probable but the reliable estimation of the amount of the resources containing economic benefits cannot be made, the related liability is presented in disclosures.

Assets that arisen from past events and whose existence will be confirmed only by the Group occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group are treated as contingent assets. A contingent asset is disclosed where an inflow of economic benefit is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably (Note 16).

**2.2.13 Share capital and dividends**

Ordinary shares are classified as equity. Dividend income is recognised as income by the Group when right to obtain of dividend is generated in the consolidated financial statements. Dividend distribution to the Company's shareholders is recognised as a liability in the Group's consolidated financial statements in the period in which the dividends are approved by the General Assembly (Note 21).

**2.2.14 Foreign currency transactions**

Foreign currency transactions and balances

Income and expenses arising in foreign currencies have been translated into TRY at the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies have been translated into TRY at the exchange rates prevailing at the balance sheet dates. Exchange gains or losses arising from the settlement and translation of foreign currency items have been included in the consolidated statement of comprehensive profit or loss.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.14 Foreign currency transactions (Continued)**

Foreign Group Companies

The results of Group undertakings using a different functional currency other than TRY are first translated into TRY by using the average exchange rate for the period. The assets and liabilities of such Group undertakings are translated into TRY by using the closing rate at the balance sheet date. Differences arising on retranslation of the opening net assets of such Group undertakings and differences between the average and period-end rates are included in currency translation reserve in the equity.

When disposing of Group companies abroad, the accumulated foreign currency translation differences of the related enterprise which are accounted for in other comprehensive income are reclassified from equity to profit or loss when the gain or loss arising from disposal is recognized.

The Group may derecognize its operations abroad in the form of sales, liquidation, repayment of capital or partial or abandonment of the entity. A reduction in the carrying amount of a foreign entity due to impairment, will not result in a partial disposal. Therefore, any gain or loss on exchange rate differences recognized in other comprehensive income is not reclassified to profit or loss when the impairment loss is recognized.

The Group has monetary receivables and payables from foreign operations which a group company has no intention or possibility to pay back. Foreign exchange differences arisen from these receivables accounted in currency translation differences under equity, and in case of sale of the subsidiary, the accumulated exchange differences will be classified to profit or loss.

A significant portion of the Group’s foreign operations are performed in Russia, Eastern Europe and Eastern Europe countries (Note 3). Foreign currencies and exchange rates at 31 December 2020 and 31 December 2019 are summarized below:

<b>Country</b>	<b>Currency</b>	<b>31 December 2020</b>	<b>31 December 2019</b>
Russia	Ruble	0,0984	0,0955
Eurozone	Euro	9,0079	6.6506
United States of America	Dollar	7,3405	5,9402

**2.2.15 Revenue recognition**

When the Group fulfills its obligation to perform the assignment by transferring a promised good or service to the customer, the Group records revenue in the financial statements. When the control of an asset is taken (or passed) by the customer, the asset is transferred

The Group puts revenue into financial statements in accordance with the following five basic principles:

- Determination of customer contracts
- Determination of performance obligations in contracts
- Determination of transaction prices in contracts
- Distribution of the transaction price to performance obligations in the contract
- Recognizing revenue when each performance obligation is fulfilled

FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.15 Revenue recognition (Continued)**

The Group recognizes a contract with the customer as a revenue if all of the following conditions are met:

- The parties to the agreement have endorsed the contract (in accordance with written, oral or other commercial conventions) and committed to their own performance,
- The Group can identify the rights of each party to the goods or services to be transferred,
- The Group is able to define the payment conditions for the goods or services to be transferred,
- The Convention is inherently commercial,
- It is probable that the Group will collect compensation for the goods or services to be transferred to the customers.

The Group considers only the ability of the customer to pay on time and the intention to do so when assessing whether the collectability of a consideration is probable.

At the beginning of the contract, the Group evaluates the goods or services it promises in the contract with the customer and defines each commitment for transfer to the customer as the obligation to act as follows:

- a) different goods or services (goods or services package) or
- b) a series of different goods or services that show great similarity and follow the same method at the time of transfer to the customer

A series of different goods or services is subject to the same cycle if the following conditions are met together:

- a) Each different goods or service in the series which the Group is committed to assign to the customer constitutes a performance obligation to be completed over time, meeting the necessary conditions
- b) In accordance with the related paragraphs of the Standard, the same method shall be used to measure the progress of the Group in respect of the fulfillment of the obligation of performance of each different goods or services constituting a unit.

When another party intervenes in the provisions of the goods or services to the customer the Group determines that it has a performance obligation to provide the goods or services itself (noble) in accordance with the nature of the commitment or to mediate such goods or services provided by another party (proxy). The group is noble if it controls the designated goods or services before transferring the goods or services to the customer. In the case of fulfillment of the obligation (or bringing it), the gross amount of the price that it waits for the transferred goods or services is taken on the financial statements as a revenue. The Group is a proxy if it acts as intermediary for the provision of goods or services for which the performance obligation has been set aside, and does not reflect the financial statement for the obligation as a revenue to fulfill the obligation.

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**2.2 Summary of significant accounting policies (Continued)**

**2.2.15 Revenue recognition (Continued)**

The fulfillment obligations of the Group are explained below:

<b>Obligation of Conduct</b>	<b>Context</b>
<b>Advertising Revenue</b>	The Group's advertising revenues consist mainly of revenues from advertising in print media and digital media. As advertising is published, the simultaneous use and consumption of the clients' rights shows that the Group has transferred the control of the service overtime. Therefore, revenue is recognised in accordance with output method when the performance obligation is satisfied (as advertising is published). Unpublished portions of advertisements are recognized in the statement of financial position as a contractual obligation.
<b>Subcontracted Printing Revenue</b>	Subcontracted printing revenues consist of the printing services given to the companies within and outside the Group, using the printing facilities owned by the Group. Revenues generated under this service are accounted for “at a specific moment in time” when the newspaper is delivered for distribution.
<b>Newspaper Sales (Circulation) Revenues</b>	Circulation revenues consist of distribution company and revenue from mass sales and newspaper sales. The revenues generated under this service are accounted for “at a specific moment in time” on the date when the newspapers are shipped.

The Group is an agent for some of the products and services it provides in its “Yakala.co” contracts that companies have agreed to in accordance with their digital marketing strategies. When the Group fulfills the obligation of performance for these contracts which it considers to be an agent, it puts the net amount or commission it expects to deserve into the financial statement. The net amount is the remaining amount after the Group has paid the price or commission, the portals are provided with goods or services. However, in the case of cinema tickets sold in the "Yakala.co" site operating in the field of E-commerce, the Group has an inventory risk regarding the tickets and is principle because it has the discretion in determining the price for this service. Revenue from ticket sales is not a commission income, but is recognized as gross on the financial statements.

The Group considers contractual provisions and commercial practices to determine the transaction price. The transaction price is the amount that the Group expects to qualify for the goods or services it has pledged, other than the amounts collected on behalf of third parties (eg some sales tax), for the customer transfer. Committed to a contract with a client, the price may include fixed amounts, variable amounts, or both. Group contracts can have variable amounts due to turnover based reductions, repayments, points. If the commitment price is a variable amount, the Group determines the cost of the goods or services promised to the customer through the estimated cost to be eligible for the acquisition. It is highly probable that there will not be a significant cancellation of the cumulative gross receipts in the financial statements when the uncertainty related to the variable cost is eliminated in the future because the Group can include part or all of the variable cost amount estimated by the Group. The Group considers both the likelihood and the magnitude of the cancellation of revenue, inasmuch as it is highly probable that there will not be a significant reversal of the cumulative gross receipts in the financial statements when the uncertainty regarding the variable cost subsequently disappears.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED

FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.15 Revenue recognition (Continued)**

Revenue-based premiums that the Group has associated with retroactive service acquisitions to media agencies are variable costs. Revenue-based discounts determined by the Group through estimation are accounted as “contractual obligation” in the statement of financial position.

The Group offers advertising services for advertising and other products and services. The barter of the goods or services with similar characteristics and value is not defined as income generating transactions while the exchange of the goods or services with different characteristics and value is defined as those that generate income. In order to determine the transaction price related to the contracts where the customers committed to make non-cash payment, the Group measures the non-cash price at fair value. In cases where the fair value of the goods or services obtained cannot be measured reliably, revenue is recognized as the fair value of the goods or services received, including cash and cash equivalents transferred.

The Group records revenue from barter ad sales as based on accrual. The Group’s non-published advertising revenue is recognized as “contractual obligation” in the statement of financial position.

If a contract has offered the option of obtaining additional goods or services to the business customer, this option will result in a liability if the customer provides a material right not to be obtained unless the contract is signed by the contracting party. If the option gives the customer a material right, the entitled customer pays in advance for the goods or services that it will receive in the future, and the entity receives the financial statements when the goods or services to be delivered in the future are transferred or the option is terminated. If the stand-alone selling price of the customer’s option to purchase additional goods or services cannot be directly observed, the entity determines this through estimation. This estimate reflects the discount that the customer would receive if he/she used the option in question, corrected for both of the following:

- (a) a discount that the customer may receive if the customer does not use the option, and
- (b) the likelihood of your choice being used.

After the customer receives a prepayment, the entity shall acquire a contractual obligation of prepayment amount in the financial statement in exchange for the obligation to transfer the goods or services in the future or prepare for the prepayment. When the entity realizes the transfer of the goods or services and therefore fulfills the obligation, the contract derives the obligation from the financial statements (and is included as revenue in the financial statements).

The awards given to the dealers and final sellers of the Group are recognized as a contractual obligation in the financial statements as the awards related to the dealership loyalty project are awarded by the customer as a party and cannot be obtained unless they are signed by the contractor. These prizes won under the Dealer Loyalty Project will be deducted from the contractual obligation and used as financial statements in the form of proceeds.

In cases where the Group has collected a customer's consideration and expects to repay part or all of the consideration to the customer in question, the Group takes the restitution obligation in the financial statements. The return obligation is measured at the cost (ie, the amounts not included in the transaction price) or at the price (or receivable) that the entity does not expect to receive. The return obligation (the change in the transaction price and therefore the contract obligation) is updated at the end of each reporting period, taking into account the changes in the terms.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira ("TRY") unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.15 Revenue recognition (Continued)**

The Group puts all of the following items into the financial statements in order to account for transfer of the goods and services which may be returned (together with some services provided by registration)

- (a) gross receipts for products transferred at the amount that the entity is not entitled to receive (hence the revenue for the products that are expected to be returned is not included in the financial statements)
- (b) a restitution obligation and
- (c) an asset for which the entity is entitled to recover its products upon the fulfillment of the entity's obligation to return it (and an adjustment to be made in the cost of the sales accordingly).

An asset included in the financial statements within the scope of the right of withdrawal of the products from the customer for the fulfillment of the obligation of return shall be measured firstly from the previous carrying amount of the product, based on the amount to be found after deducting the expenses expected to be made within the scope of the withdrawal of these products. The Group returns the return obligation measurement at the end of each reporting period, reflecting the changes in the expected return amounts, and takes the necessary corrections as revenue (or rebates) financial statements.

The price specified for a goods or service is the selling price of that goods or service. If there are more than one good or services to be transferred to the contract, the Group distributes the transaction price to each performance obligation (or different goods or services) at a rate that indicates the price the customer expects to qualify for the transfer of the goods or services promised. In order to reach the purpose of distribution, the Group distributes the transaction price to each performance obligation determined on the contract at a relative individual selling price. To distribute the transaction price on a per-sale price basis relative to each performance obligation, the Group determines the independent sale price of the different goods or services underlying each performance liability in the contract at the beginning of the contract and distributes the transaction price in proportion to these individual selling prices.

When a party fulfills the contract, the entity presents the contract in the statement of financial position as a contractual asset or contractual obligation, depending on the relationship between the actuation of the entity and the payment of the customer. The entity separately displays unconditional rights for the cost as a receivable.

The Group represents a contractual obligation before the transfer of a good or service to the customer, in the event that the customer has a payment of the price of the customer or the price of the customer unconditionally, on the date when the payment is made or on due date, whichever is sooner. The contractual obligation is the obligation to transfer the goods or services to the customer in exchange for the amount that the entity has collected (or is entitled to collect) from the customer.

The Group presents the contract as a contractual asset, except for the amounts presented as receivables, in the event that the Group fulfills the performance by transferring the goods or services to the customer before the payment is made to. The contract asset is the right of collecting the price for the goods or services transferred to the customer.

The Group recognizes contractual assets and liabilities in the statement of financial position as "contractual asset" and "contractual obligation" in the balance sheet

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.16 Profit / (loss) per share**

Profit / (loss) per share disclosed in the consolidated statements of income are determined by dividing net profit / (loss) for the period by the weighted average number of shares that have been outstanding during the period concerned (Note 32).

In Turkey, companies can increase their share capital by making a pro-rata distribution of shares “bonus shares” to existing shareholders from retained earnings. For the purpose of earnings per share computations, such bonus shares issuances are regarded as issued shares. Accordingly, the weighted average number of shares used in earnings per share computations is derived by considering the retrospective effects of the issuances of the shares (Note 32).

**2.2.17 Government grants**

Government grants are not recognized in the financial statements until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognized in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants which are financial assets, should be recognized as deferred revenue in the consolidated statement of financial position rather than recognised in the statement of profit or loss to clarify the expenditure item that is financed and transferred to profit or loss on a systematic and rational basis over the useful lives of the related asset.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognized in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates (Note 15).

**2.2.18 Cash and cash equivalents**

Cash and cash equivalents are carried at cost in the balance sheet. Cash and cash equivalents comprise cash in hand, bank deposits and highly liquid investments without a significant risk over the change in their value, whose maturity at the time of purchase is three months or less (Note 4).

**2.2.19 Events after the reporting period**

In the case that events requiring a correction to be made occur subsequent to the balance sheet date, the Group makes the necessary corrections to the consolidated financial statements.

In the case that events not requiring a correction to be made occur subsequent to the balance sheet date, those events are disclosed in the notes of consolidated financial statement (Note 37).

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.2 Summary of significant accounting policies (Continued)**

**2.2.20 Reporting of cash flows**

In the statement of cash flows, consolidated cash flows during the period are classified under operating, investing or financing activities.

The cash flows raised from operating activities indicate cash flows due to the Group’s operations.

The cash flows due to investing activities indicate the Group cash flows that are used for and obtained from investments (investments in non-current assets and financial investments).

The cash flows due to financing activities indicate the cash obtained from financial arrangements and used in their repayment.

Cash and cash equivalents include cash and bank deposits and the investments that are readily convertible into cash and bears no risk of change in present value and highly liquid with 3 months or less to maturity (Note 4).

**2.2.21 Non-current assets held for sale and discontinued operations**

Assets held for sale are operations that the Group disposes of or classified as available for sale and cash flows which can be treated as a part separately from the Group. Non-current assets held for sale and discontinued operations represents a separate major line of business or geographical area of operations; is part of single coordinated plan to dispose of a separate major line of business or geographical area of operations or is a subsidiary acquired exclusively with a view to resale. The Group must evaluate its discontinued operations with the lower of carrying value and fair values less costs to sell.

Discontinued operations are components of an entity that either have been disposed of or represented as a major part of an entity separately from the Group’s operations and cash flows. Operating results as of the Group has ceased its control over its disposal groups are presented separately under “discontinued operations” in the consolidated statement of profit or loss. Prior period consolidated statement of profit or loss is restated for comparative purposes and the results of discontinued operations are also classified under the “discontinued operations” account

Cash flows of discontinued operations are presented as a separate line together with the correction of prior period cash flow for discontinued operations.

Gain/ (loss) and tax expense occurring from the sale are included to the results of operations of discontinued operations. Gain/ (loss) amount from the sale is calculated as the difference between the book value of net assets disposed and sales value.

**2.2.22 Segment reporting**

The chief operating decision maker of the Group is the Executive Committee and /or Board of Directors. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The Group has selected the geographical segment as the Group’s primary segment reporting format based on the risks and returns in geographical areas reflecting the primary source of the enterprise’s risks and returns (Note 3).

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**2.3 Significant Accounting Estimates, Assumptions and Decisions**

During the implementation of accounting policies, the management has made the following comments, which have a significant impact on the amounts recognized in the financial statements:

Provision for doubtful receivable

The Group sets aside a doubtful receivable provision for trade receivables if there is an objective finding that there is no possibility of collection. The amount of this provision is the difference between the carrying amount of the receivable and the amount of the recoverable amount. The recoverable amount is the present value of expected cash inflows, including amounts recoverable from guarantees and collateral, discounted based on the original effective interest rate of the receivable originally formed.

The Group uses a provision matrix to measure expected credit losses for trade receivables. Depending on the number of days in which the maturities of trade receivables are exceeded, certain provision ratios are calculated and the rates are revised in each reporting period and revised where necessary. The change in expected credit loss provisions is accounted under other operating income / expenses in the statement of profit or loss (Note 7, 25, 26).

Deferred Tax

The Group recognizes deferred tax assets and liabilities for temporary differences. The partially or fully recoverable amount of deferred tax assets is estimated under current conditions.

During the evaluation, future profit projections, current period losses, unused losses and other tax assets' expiration dates and tax planning strategies that may be used are taken into consideration. In the light of the data obtained, if the future taxable profit of the Company is not sufficient to cover all the deferred tax assets, provision is booked for all or part of the deferred tax asset.

Valuation of investment properties

The Company recognizes its investment properties at fair value and the fair values of these assets are determined by the independent valuation institutions authorized by the Capital Markets Board and are taken as the carrying value in the statement of financial position. The fair values of investment properties include significant assumptions and estimates based on the valuation method used and the inputs and assumptions in the valuation model.

Valuation of land and building

The Company recognizes its land and buildings at fair value, and the fair values of these assets are determined by independent valuation institutions authorized by the Capital Markets Board and are taken as the carrying value in the statement of financial position. The fair values of land and buildings include significant assumptions and estimates based on the valuation method used and the inputs and assumptions in the valuation model.

Provision for employee termination benefits

The present value of the provision for employment termination benefits is determined on an actuarial basis by using certain assumptions. These assumptions are used to determine the net expense (income) of the provision for employee termination and include the discount rate. Any change in the aforementioned assumptions affects the carrying amount of the provision for employee termination. The end of period employee termination benefits and actuarial calculations are performed by a third-party actuary company.

**NOTE 3 – SEGMENT REPORTING (Continued)**

**g) Disclosures related to discontinued operations:**

*Discontinuing the operation of digital platform of Russia and EE*

In accordance with the Board of Directors decision dated 22 November 2017 of Pronto Media Holding, which is located in Russia, as the indirect subsidiary of Trader Media East Ltd, of which the Group owns 97.29% shares, the Group decided to discontinue the operations of digital platforms within its body, due to the intensity of the competition in the operating market and the lack of operational performance and classified such operations as “discontinued operations. The impairment losses due to discontinued operations recognized under “Discontinued Operations” in the statement of profit or loss. Information related to discontinued operations are disclosed in Note 31.

**NOTE 4 –CASH AND CASH EQUIVALENT**

The details of cash and cash equivalents at 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Cash	493,481	1,694,381
Banks		
- time deposits	508,176	8,609,959
- demand deposits	3,589,521	3,852,157
<b>Total</b>	<b>4,591,178</b>	<b>14,156,497</b>

Cash and cash equivalents included in the consolidated statements of cash flows as of 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Cash and banks	4,591,178	14,156,497
<b>Total</b>	<b>4,591,178</b>	<b>14,156,497</b>

The maturity analysis of time deposits is as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
0-1 months	508,176	8,609,959
<b>Total</b>	<b>508,176</b>	<b>8,609,959</b>

The weighted average interest rate for TRY time deposits is 9.47 % as of 31 December 2020 (31 December 2019: 9.17 %) and it is fixed. Group has no time deposit in USD as of 31 December 2020 (31 December 2019: None).

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 7 – TRADE RECEIVABLE AND PAYABLES**

Short-term trade receivables net-off of unearned finance income at 31 December 2020 and 2019 are as follows:

**Short-term receivables from third parties:**

	<b>31 December 2020</b>	<b>31 December 2019</b>
Trade receivables	132,427,883	148,387,934
Credit cards receivables	824,532	2,016,613
Notes receivable and cheques	149,187	2,040,057
Income accruals	786,156	393,601
Unearned finance income due from term sales	(670,822)	(705,324)
Less: Provision for doubtful receivables	(80,075,090)	(76,092,473)
<b>Total</b>	<b>53,441,846</b>	<b>76,040,408</b>

According to a revocable factoring agreement signed with Doruk Faktoring, trade receivables resulting from advertisements, amounting to TRY 72,864,387 (31 December 2019: TRY 60,358,393) are followed up by Doruk Faktoring. The Group has not transferred the risk of default of the receivables mentioned above and has continued to recognize its balance sheet. These receivables are related to commercial advertisements and classified ads. Weighted average maturity of the Group’s sales followed up by Doruk Faktoring is 52 days (31 December 2019: 61 days). The unearned finance income due from term sales related to the receivables followed up by Doruk Faktoring is TRY 488,529 (31 December 2019: TRY 413,488) and the compound interest rate is 17.25% per annum (31 December 2019: 10.85%). The rate used in this method and determined on the basis of compound interest is called “effective interest rate”; the aforementioned rate has been determined taking into consideration the data of The Central Bank of the Republic of Turkey.

The movements of provision for doubtful receivables are as follows:

	<b>2020</b>	<b>2019</b>
<b>1 January</b>	<b>(76,092,473)</b>	<b>(72,137,632)</b>
Additions during the period	(4,125,963)	(4,127,590)
Collections and reversals during the period	500,128	1,838,679
Currency translation differences	(356,782)	(1,665,930)
<b>31 December</b>	<b>(80,075,090)</b>	<b>(76,092,473)</b>

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 7 – TRADE RECEIVABLE AND PAYABLES (Continued)**

**Short term trade payables to third parties:**

Trade payables at 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Short-term trade payables and notes payable	58,799,072	36,637,721
Expense accruals	861,016	577,809
Unrealized financial expenses due to term purchases	(496,659)	(319,781)
<b>Total</b>	<b>59,163,429</b>	<b>36,895,749</b>

As of 31 December 2020, average turnover date of Group’s trade payables is 47 days (31 December 2019: 43 days). As of 31 December 2020, unrealized financial expense due to term purchases is TRY 496,659 (31 December 2019: TRY 319,781) and the compound interest rate is 17.25% per annum (31 December 2019: 10.85%). The compound interest used in the calculations are defined as the “effective interest rate”; the rate has been determined taking into consideration of data of The Central Bank of the Republic of Turkey.

Explanations about the nature and level of risks related to trade receivable and payables are provided in Note 34.

**NOTE 8 – OTHER RECEIVABLE AND PAYABLES**

**Other short-term receivables from third parties:**

Other short-term receivables at 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 15 – GOVERNMENTGRANTS**

The Group benefits under the scope of the social security institution and income tax, %5 of employer share promotion (Law no: 5510), employer share promotion (Law no: 5746), incentive of the minimum wage (Law no: 6661), disabled insured (Law no: 4857), priority provinces social security institution stock (Law no: 46486) and R&D income tax (Law no : 5746) are amounting to TRY 3,562,221 (31 December 2019: TRY 3,162,478 ).

**NOTE 16 – PROVISIONS, CONTINGENT ASSETS AND LIABILITIES**

As of 31 December 2020, and 2019, short-term provisions are as follows:

**Other short-term provisions:**

<b>Provisions:</b>	<b>31 December 2020</b>	<b>31 December 2019</b>
Provisions for lawsuit and compensation	17,051,578	9,092,050
<b>Total</b>	<b>17,051,578</b>	<b>9,092,050</b>

The lawsuits against the Group are amounted to TRY 18,034,500 (31 December 2019: TRY 12,270,306).The Group recognizes provision related to cases when there is a legal or valid liability resulting from past event and it is probable that an outflow of resources will be required to settle the obligation and when a reliable estimation can be made of the amount of the obligation. As a result of these analysis, as of 31 December 2020 the Group has set a provision of TRY 17,051,578 for lawsuits (31 December 2019: TRY 9,092,050) but not sure about the payment maturity for the litigation.

As at 31 December 2020 and 2019, ongoing lawsuits against the Group are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Legal lawsuits	7,917,139	8,037,837
Labor lawsuits	10,112,361	4,162,469
Commercial lawsuits	5,000	70,000
<b>Total</b>	<b>18,034,500</b>	<b>12,270,306</b>

**NOTE 17 – COMMITMENTS (Continued)**

**CPM’s given by the Group**

As given in the table below, there are no CPM’s given to third parties. Commitments and contingencies which the management does not expect significant losses or liabilities are as follows:

As explained Note 21, shares belonging to the main shareholder of the Company were purchased by Demirören Media on 16 May 2018. Lenders have the right to place mortgages and pledges on the assets of the Company in the context of shareholder purchase agreement. As of the report date, there is a mortgage amounting to TRY 315,000,000 placed on the real estates of the Group by the lender.

Commitments and contingencies which the management does not expect significant losses or liabilities are as follows:

**Barter agreements:**

The Group, as a common practice in the media sector, enters into barter agreements which involve the exchange of goods or services without cash collections or payments. As of 31 December 2020, the Group has unused publication of advertisements commitment amounting to TRY 5,518,127 (31 December 2019: TRY 6,088,118) within these barter contracts. The Group has TRY 738,252 amounting receivables as of 31 December 2020 (31 December 2019: TRY 1,829,584) which were invoiced and recognized to financial statements but not yet goods or services were received.

**NOTE 18 – PROVISION FOR EMPLOYEE BENEFITS**

Provision long-term provisions for employment termination benefits at 31 December 2020 and 2019 are as follows:

**Provision for unused vacation**

Movements of provisions for unused vacation rights during the periods ended 31 December 2020 and 2019 are as follows:

	<b>2020</b>	<b>2019</b>
<b>1 January</b>	<b>17,148,260</b>	<b>14,164,860</b>
Additions during the period	15,883,926	4,425,166

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTESTO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 18 – PROVISION FOR EMPLOYEE BENEFITS (Continued)**

**Long-term provisions for employment termination benefits:**

	<b>31 December 2020</b>	<b>31 December 2019</b>
Provision for employment termination benefits	57,141,651	52,358,307
<b>Total</b>	<b>57,141,651</b>	<b>52,358,307</b>

Except the legal requirements other than Turkey in which the Group operates, there are no pension plans and benefits.

Under the Turkish Labour Law, the Company is required to pay termination benefits to each employee who has completed one year of service and whose employment is terminated without due cause, or who is called up for military service, dies or retires. The maximum amount payable equals to one month of salary is TRY 7,117.17 as of 31 December 2020 (31 December 2019: TRY 6,379.86) for each year of service. In employee termination benefits provision calculation Group has taken into consideration the ceiling amount TRY 7,638.96 which is effective from 1 January 2021 (31 December 2019: TRY 6,730.15 effective from 1 January 2020).

On the other hand, the Group is liable to make payments to personnel who work for a minimum of 5 years and whose employment is terminated due to any cause in accordance with the regulations with regards to Employees Employed in the Press Sector. The maximum payable amount is 30 days’ salary for each year of service. Employment termination benefit liabilities are not subject to any funding and there are no legal requirements for funding of these liabilities.

Provision for employment termination benefits is calculated by estimating the present value of the future probable obligation arising from the retirement probability of the employees of the Group.

TAS 19 Employee Benefits, requires companies to compute their liabilities by developing actuarial assumptions within defined benefit plans. According to the report prepared by Actuarial firm in order to calculate total liability, the assumptions below are used:

The principal assumption is that the maximum liability for each year of service will increase parallel with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. Consequently, in the accompanying financial statements as at 31 December 2020, the provision has been calculated by estimating the present value of the future probable obligation of the Company arising from the retirement probability of the employees.

Discount rate is applied as 13.70% (31 December 2019: 11.70%), inflation rate applied as 10.00% (31 December 2019: 7.90%) and rate of increase in wages applied as 10.00% (31 December 2019: 7.90%) in the calculation.

**NOTESTO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 21 – EQUITY**

The Company adopted the registered share capital system and set a ceiling on its registered share capital representing registered type shares with a nominal value of TRY 1. There are no privileged shares. The Company’s historical authorized and paid-in share capital at 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Registered share capital	800,000,000	800,000,000
Paid-in share capital	592,000,000	592,000,000

The Companies in Turkey may exceed the limit for registered share capital in case of issuance of free capital shares to existing shareholders.

Doğan Şirketler Grubu Holding A.Ş., which has 552,000,000 units of shares registered by Central Securities Depository of Turkey, representing 77.67% of the issued capital of Hürriyet, has transferred to Demirören Medya. On May 16, 2018 the share transfer was completed with the extraordinary meeting held on 6 June 2018. As a result of this transaction, Demirören Media became the main shareholder of the Company. The ultimate shareholder of the Company is the Demirören Family.

In addition, in accordance with the decision of the Board of Directors dated November 19, 2018, the issued capital of the Company is TRY 552,000,000 divided into 552,000,000 shares, each having a nominal value of TRY1,00 in the registered capital ceiling of TRY 800,000,000 to be increased by TRY 40,000,000 (7.24%) to TRY 592,000,000 and the issuance certificate for the capital increase was decided by the Capital Markets Board dated 13 December 2018 and numbered 63/1446 approved. On 21 December 2018, the capital increase transaction was completed and registered on 15 January 2019 by the Istanbul Trade Registry Office.

<b>Shareholders</b>	<b>31 December 2020</b>	<b>Share (%)</b>	<b>31 December 2019</b>	<b>Share (%)</b>
Demirören Medya	468,732,788	79.18	468,732,788	79.18
Other shareholders (BİAŞ ve other shareholders)	123,267,212	20.82	123,267,212	20.82
<b>Issued share capital</b>	<b>592,000,000</b>	<b>100.00</b>	<b>592,000,000</b>	<b>100.00</b>
Adjustment to share capital	77,198,813		77,198,813	
<b>Total</b>	<b>669,198,813</b>	<b>100.00</b>	<b>669,198,813</b>	<b>100.00</b>

In accordance with the Capital Markets Board’s (the “CMB”) Resolution No: 31/1059 30 October 2014 and Resolution No. 21/655 issued on 23 July 2010, it is regarded that 20.82% of the shares are in circulation in accordance with CSD as of 31 December 2020 (31 December 2019: 16.54%) (Note 1). Shares in circulation rate is 20.82% as of reporting date.

Adjustment to share capital represents the difference between balances which restatement effect of cash contributions to share capital equivalent purchasing power and balance before the inflation adjustment calculated.

**NOTE 21 – EQUITY (Continued)**

**Premiums / (discounts) on shares**

The share premium of public offering represents the difference between the nominal amount and the sales amount.

	<b>31 December 2020</b>	<b>31 December 2019</b>
Premium / (discounts) on shares	76,944	76,944
<b>Total</b>	<b>76,944</b>	<b>76,944</b>

**Restricted reserves**

Restricted reserves are reserved from the prior period profit due to legal or contractual obligations or for certain purposes other than the profit distribution (for example, to obtain the tax advantage of gain on sale of associates). Restricted reserves are in the scope of solo legal records in accordance with Turkish Commercial Code and Tax Procedure Law.

The legal reserves are appropriated out in accordance with the Article 519 of Turkish Commercial Code (TCC) and are used according to the procedures specified in this Article. Related amounts have to be classified in “Restricted Reserves” (except for inflation differences) in accordance with TAS.

In accordance with TAS, The Company’s restricted reserves amounting to TRY 117,176,268 as of 31 December 2020 (31 December 2019: TRY 101,083,330) consist of legal reserves and gain on sale of real estate and affiliates and R&D incentive grant.

<b>Restricted reserves</b>	<b>31 December 2020</b>	<b>31 December 2019</b>
Gain on sale of real estate <sup>(1)</sup>	56,728,014	56,728,014
General legal reserves <sup>(2)</sup>	59,265,973	59,265,973
Gain on sale of subsidiary	683,990	683,990
R&D incentive grant <sup>(3)</sup>	498,291	498,291
<b>Total</b>	<b>117,176,268</b>	<b>117,176,268</b>

<sup>(1)</sup> With the decision taken by the Group management, the real estate profit with the amount of TRY 86,647,154 occurred in statutory records from the gain of warehouse sale in Trabzon, sale of lands located in Gaziemir, Izmir and Esenyurt, Istanbul in 2014, gain from sale of investment property in AnkaraCinnah in 2016 and gain of land sale in Muğla Milas and Bağcılar, Istanbul in 2017, amounting to TRY 56,728,014 of total amount that benefits from the exemption referred to in Article 5-1/e of the Corporate Tax Law will not be involved in allocation of profits for periods 1 January 2014 -31 December 2014, 1 January 2016 - 31 December 2016 and 1 January 2017 - 31 December 2017 in compliance with the Tax Legislation, Capital Market Legislation and any other fiscal legislations, and will be deposited in a special fund account in liabilities.

<sup>(2)</sup> In the scope of R&D incentives under the Law No. 5746, it consists of grant support received to a special fund account which is not subject to profit distribution in legal records.

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED  
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

NOTE 21 – EQUITY (Continued)

Restricted reserves (Continued)

*Accumulated other comprehensive income/(expenses) that will not be reclassified in profit and loss*

Other comprehensive income/(expenses) occurred from the gain or losses based on revaluation and measurement and which are not to be reclassified in profit or loss, are related with the defined benefit plans and summarized below:

	31 December 2020	31 December 2019
Gain/(loss) from revaluation of property	348,347,644	294,701,211
Remeasurement gain (loss) in defined benefit plans	(22,029,402)	(23,594,600)
<b>Total</b>	<b>326,318,242</b>	<b>271,106,611</b>

*Gain/(Loss) from revaluation of property*

The Group management has started the revaluation method for the land and buildings that are classified into property, plant and equipment and investment properties. The revaluation fund presents the difference between the net book value on a cost basis after the deduction of deferred tax effect and the fair value of building and land.

Real estates recognised as property, plant and equipment in prior periods, can be transferred to investment property due to change in use. The Group has reclassified some of its properties as investment property and has chosen to account such investment properties at fair value. For that reason, valuation reports were taken as of 31 December 2020 and the effects of revaluation was accounted under revaluation fund.

The increase of TRY 348,347,644 in the fair value assessment for financial period of 31 December 2020 for consolidated financial statement has accounted under a shareholders’ securities value increase fund under equity after its tax effect (31 December 2019: TRY 294,701,211).

*Remeasurement gain/ (loss) in defined benefit plans*

The employee termination benefit provision is calculated according to the value of the benefits that the Group is liable for with today’s monetary value. The Group has accounted all the actuarial loss and gains regarding employee terminations under the other comprehensive income statement as other income and other expense. The value for reassessed estimation differences accounted under equity is TRY 22,029,402 (31 December 2019: TRY 23,594,600)

*Accumulated other comprehensive income and (expenses) that will be reclassified in profit and loss*

	31 December 2020	31 December 2019
Currency translation differences	76,554,966	64,537,704
<b>Total</b>	<b>76,554,966</b>	<b>64,537,704</b>

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 21 – EQUITY (Continued)**

**Restricted reserves (Continued)**

***Gain / (loss) from cash flow hedges***

Changes in the fair value of derivative financial instruments that are designated and protected as financial derivatives of future cash flows are recognized directly in equity and in the inactive portion of profit or loss statement.

***Capital Reserves and Retained Earnings***

Subsequent to the first inflation adjusted financial statements, equity items such as; “Capital, Emission Premiums, Legal Reserves, Statutory Reserves, Special Reserves and Extraordinary Reserves” are carried at carrying value in the balance sheet and their adjusted values are collectively presented in equity.

Based on the declaration of CMB, “Paid-in Capital”, “Restricted reserves appropriated from profit” and “Share Premiums” is required to present by their amounts in statutory accounts. Differences arising from inflation adjustments:

“If the difference is arising due to the inflation adjustment of “Paid-in Capital” and not yet been transferred to capital should be classified under the “Inflation Adjustment to Share Capital” following “Paid-in Capital”;

“If the difference is due to the inflation adjustment of Restricted Reserves” and “Share Premium” and the amount has not been utilized in dividend distribution or capital increase yet, it shall be classified under “Retained Earnings”. Other equity items shall be carried at the amounts valued in accordance with TAS Standards”;

Capital adjustment differences can only be included to capital.

**Dividend distribution**

The Group takes dividend distribution decision in General Assembly by taking into account Turkish Commercial Code (TCC), Capital Markets Law (CMB) and Capital Market Regulations, Corporate Tax, Income Tax, other relevant legislations and relevant legislations of the Articles of Association of the Company and "Dividend Distribution Policy". The principles of dividend distribution are determined by Dividend Distribution Policy.

On the other hand,

- a) In first adoption of TFRS, retained earnings resulted from redrafting of comparative financial statements in line with regulations,
- b) “Equity inflation adjustment differences” resulting from restricted reserves without any record preventing dividend distribution,
- c) Retained earnings resulting from first adoption of inflation adjustments, can be distributed to the shareholders as dividend.

Besides, in case "Equity Effect Related to the Share Purchase" account is in the consolidated financial statement of equity, aforementioned account item is not considered as discount or premium item while calculating the net distributable profit.

Disclosure of net profit after deducting accumulated losses in records, which are prepared in accordance with tax legislations of companies’ and Uniform Chart of Accounts published by T.C. Ministry of Finance, and other resources which may be subject to profit distribution in the financial statements has been decided by CBM and as of balance sheet date, total net amount that can be subject to profit distribution according to legal records is TRY 416,979,128 (31 December 2019: TRY 416,659,426).

Loan commission, bank costs and factoring expense <sup>(1)</sup>	(3,242,998)	(9,857,793)
Other	(7,197)	(611,288)
<b>Total</b>	<b>(16,843,451)</b>	<b>(27,967,356)</b>

<sup>(1)</sup> As explained in Note 20, TRY 3,036,843 of related balance consists of financing payment due to prepayments received by Group based on revocable factoring transactions (31 December 2019: TRY 9,493,209).

**NOTE 30 – INCOME TAXES**

Assets related to current period tax:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Corporate and income tax payable	305,755	769,939
Less: Prepaid taxes	-	(600,741)
<b>Current income tax liabilities</b>	<b>305,755</b>	<b>169,198</b>

Turkish tax legislation does not permit a parent company and its subsidiaries and associates to file a consolidated tax return. Therefore, provisions for taxes, as reflected in these consolidated financial statements, have been calculated on a separate-entity basis.

The details of the effective tax laws in countries which Group has significant operations are stated below:

FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 30 – INCOME TAXES (Continued)**

Turkey:

In accordance with the regulation numbered 7061, published in Official Gazette on 5 December 2017, “Law on the Amendment of Certain Tax Acts and Some Other Laws”, corporate tax rate for the years 2018, 2019 and 2020 has increased from 20% to 22% (2019: 22%). Therefore, deferred tax assets and liabilities as of 31 December 2020 are calculated with 22% tax rate for the temporary differences which will be realized in 2018, 2019 and 2020, and with 20% tax for those which will be realized after 2021 and onwards. Corporation tax is payable on the total income of the companies after adjusting for certain disallowable expenses, corporate income tax exemptions (gain from associates’ exemption, investment allowances etc.) and corporate income tax deductions (like research and development expenditures deduction). No further tax is payable unless the profit is distributed.

Dividends paid to non-resident corporations, having representative office in Turkey, or resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital is not considered as a profit distribution.

Corporations are required to calculate advance corporation tax quarterly at the rate of 22% on their corporate income. Advance tax is to be declared by the 14th day of the second month following each calendar quarter end and is payable by the 17th of the second month following each calendar quarter end. Advance tax paid by corporations is credited against the annual corporation tax liability. The balance of the advance tax paid may be refunded or used to set off against other liabilities to the government.

In accordance with Tax Law No: 5024 “Law Related to Changes in Tax Procedure Law, Income Tax Law and Corporate Tax Law” that was published on the Official Gazette on 30 December 2003 to amend the tax base for non-monetary assets and liabilities, effective from 1 January 2004, the income and corporate taxpayers will prepare the statutory financial statements by adjusting the non-monetary assets and liabilities for the changes in the general purchasing power of the Turkish Lira. In accordance with the aforementioned law provisions, in order to apply inflation adjustment, cumulative inflation rate (TURKSTAT WPI) over last 36 months and 12 months must exceed 100% and 10%, respectively. Inflation adjustment has not been applied as these conditions were not fulfilled since 2005.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns within the 25<sup>th</sup> of the fourth month following the close of the financial year to which they relate.

Tax authorities can review accounting records within five years and if they determine any errors on the accounting records, tax payable can be reassessed.

Under the Turkish taxation system, tax losses can be carried forward to offset against future taxable income for up to 5 years. Tax losses cannot be carried back to offset profits from previous periods. As publicly disclosed on 19 April 2011, the Company plans to make use of the requirements set out in relation to “Tax Base Increase” in Law No: 6111 “Restructuring of some receivables and Social Security and General Health Insurance Law and Other Law Amending Certain Laws and Decrees”; therefore, 50% of losses attributable to the periods that are subject to tax base increase will not be offset against the income to be obtained in 2010 and subsequent periods.

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

---

**NOTE 30 – INCOME TAXES (Continued)**

There are numerous exemptions in the Corporate Income Tax Law. This is one of the exceptions to the Company are described below:

**Exemption for participation in subsidiaries:**

Dividend income from shares in capital of another corporation subject to resident taxpaying (except dividends from investment funds participation certificates and investment trusts shares) are exempt from corporate tax.

**Issued premiums exemption:**

Gains from issued premiums derived from the disposal of sales at nominal values during incorporations and the capital increase of joint stock companies are exempt from corporate tax.

**Exemption for participation into foreign subsidiaries:**

For companies participating in 10% or more of the capital of a non-resident limited liability or joint stock company, (except for those whose principal activity is financial leasing or investment property) for at least one year until the date of the income is generated and transferred to Turkey until the date of the filing of the corporate income tax return of the fiscal year in which the income is generated is exempt from corporation tax subject to those subsidiaries being subject to corporate income tax, or alike, in their country of legal residence or business center at the rate of at least 15% (minimum corporate income tax applicable like in Turkey for those whose principal activity is finance assurance or insurance).

**Exemption for sale of participation shares and property:**

75% of the gains derived from the sale of preferential rights, usufruct shares and founding shares from investment equity and %50 of gains derived from sale of real property which have remained in assets more than two full years are exempt from corporate tax. To be entitled to the exemption, the relevant gain is required to be held in a fund account in liabilities and it must not be withdrawn from the entity for a period of 5 years. The sales consideration should be collected until the end of the second calendar year following the year the sale was realized.

**Russian Federation**

The corporate tax rate effective in Russian Federation is 20% (2019: 20%). This rate can be reduced according to special tax incentives (Special economic zones, investors entering private investment contract, regional incentive programs etc.).

Russian tax year is the calendar year and other fiscal year ends are not permitted. Profit tax is calculated on a year-to-date basis. Advance payments are made monthly, with different calculation methods for quarterly or monthly schedules subject to the taxpayer’s choice. Tax returns are filed till the 28<sup>th</sup> of March, following the close of the financial year.

The amendments introduce changes to the requirements on utilization of tax losses carried forward in the Russian Tax Code. In 2017-2020, taxable profits of any given year may be reduced by accumulated tax losses carried forward by no more than 50%. Additionally, tax losses may now be carried forward realized after 2007 for an unlimited period, not for 10 years maximum as was the case previously. The Group is evaluating the possible effects of new tax regulations.

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

**HÜRRİYET GAZETECİLİK VE MATBAACILIK A.Ş.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 DECEMBER 2020**

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 30 – INCOME TAXES (Continued)**

Russian Federation (Continued)

Tax refunds are technically possible but are very difficult to obtain in practice. Tax consolidations of tax reporting/payments by different legal entities (or grouping) are not permitted in Russia at present. Generally, dividend income payable to a foreign organization is subject to withholding tax at 15%. This standard rate may, however, be reduced under the provisions of applicable double tax treaty.

In Russian Federation the tax regulations are subject to various comments and change frequently. Regarding to TME’s operations the interpretation of tax regulations by tax authorities may differ from the management.

Belarus

The corporate tax rate effective in Belarus is 18% (2019: 18%).

The tax period is the calendar year. Profit tax is calculated as progressive total. Advance payments are made quarterly, on the basis of either the previous year results or expected current year profits. The annual corporate tax declaration is due by 20 March of the following year. Tax loss carry forward is not allowed to reduce taxable profits. Tax refunds are possible. Tax consolidations of tax reporting/payments by different legal entities (or grouping) are not permitted in Belarus at present. Generally, dividend income payable to a foreign organization is subject to withholding tax at 12%. This standard rate may, however, be reduced under the provisions of applicable double tax treaty. The Belarus tax regulations change frequently.

The tax rates at 31 December 2020, which are used in the calculation of deferred tax, taking each country’s tax legislations into consideration are as follows:

<b>Country</b>	<b>Taxes Rate (%)</b>
Germany	28
Belarus	18
Russia	20
Netherland	25

**Deferred Tax**

The Group recognizes deferred tax assets and liabilities based on temporary differences arising between the financial statements as reported for Financial Reporting Standards announced by Public Oversight Authority and financial statements prepared in accordance with the tax legislation. These differences usually stem from the income and expense to be accounted in different period because of the difference between Financial Reporting Standards announced by Public Oversight Authority and Tax legislation.

Deferred taxes are calculated on temporary differences that are expected to be realized or settled based on the taxable income in coming years under the liability method using tax rates enacted at the balance sheet dates.

OPERATIONS (Continued)**

**a) Discontinuing the digital operation in Russia and EE (Continued)**

The Group may derecognize its operations abroad in the form of sales, liquidation, repayment of capital or partial or complete abandonment of the entity. A reduction in the carrying amount of an overseas entity will not result in a partial elimination because of its own loss or impairment recognized by the investor. Therefore, any gain or loss on exchange rate differences recognized in other comprehensive income is not reclassified to profit or loss when the impairment loss is recognized.

The Group has monetary liabilities and receivables arising from foreign operations that are not part of the net investment in the foreign operations during the current period. Exchange differences arising from these transactions are recognized in equity under currency translation differences in the Consolidated Financial Statements and will be reflected profit or loss during sale or wholly liquidation of the net investment.

**DİPNOT 32 – EARNING PER SHARE**

Loss per share as of 31 December 2020 and 2019 is as follows:

	<b>1 January- 31 December 2020</b>	<b>1 January- 31 December 2019</b>
<b>Net loss for attributable to equity holders of parent company</b>	<b>(80,862,684)</b>	<b>(49,397,250)</b>

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 34 – NATURE AND LEVEL OF RISK ARISING FROM FINANCIAL INSTRUMENTS**

**34.1 Financial Risk Management**

**(i) Interest rate risk**

The Group’s interest rate sensitive financial instruments are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
<b>Financial instruments with fixed interest rate</b>		
Bank deposits (Note 4)	508,176	8,609,959
Financial liabilities (Note 6)	-	11,713,065

The Group is exposed to interest rate risk through the impact of rate changes on interest bearing liabilities and assets. The Group management uses interest-bearing short-term assets within natural policy context to stabilize the maturity of the interest-bearing liabilities and assets. Furthermore, the Group hedges interest rate risks arising from floating rate borrowings, by limited use of derivatives, such as interest rate swaps.

Borrowings issued at floating rates expose the Group to cash flow interest rate risk. Borrowings issued at fixed rate expose the Group to fair value interest rate risk. As of 31 December 2020, and 2019, the Group does not have borrowings at floating rates.

---

**NOTE 34 – NATURE AND LEVEL OF RISK ARISING FROM FINANCIAL INSTRUMENTS  
(Continued)**

**34.1 Financial Risk Management (Continued)**

**(ii) Liquidity Risk (Continued)**

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying business, the Group aims maintaining flexibility in funding by keeping committed credit lines available.

Funding risk of current and future debt requirements is managed by continuance of sufficient and highly qualified creditor’s access. The Group aims at maintaining cash and cash equivalents for the anticipated cash flows of raw material purchase for the subsequent six-months.

The liquidity table demonstrates the Group’s net financial liabilities in accordance with the redemption schedule. Such amounts are undiscounted future cash flows of financial liabilities of the Group. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

At 31 December 2020, the Group has not any long-term bank borrowings (31 December 2019: None) (Note 6)

**(iii) Credit Risk**

Ownership of financial assets involves the risk that counterparties may be unable to meet the terms of their agreements. These risks are monitored by limiting the credit amount of any individual counterparty. The credit risk is generally highly spread due to the large number of entities comprising the customer bases.

Aging analysis for trade receivables:

As of 31 December 2020, there are past due trade receivables amounting to TRY 158,636,615 which are not considered as doubtful receivables (31 December 2019: TRY 103,428,078). The Group does not foresee any collection risk for the delay up to one month due to sector dynamics and conditions. The Group restructures the trade receivables by applying due date differences which are due over one month and/or the Group does not foresee any collection risk since they are under coverage of guarantees such as mortgage, indemnity or guarantee notes. As of 31 December 2020, the amount of mortgage and indemnity received is TRY 3,285,292 for the related receivables (31 December 2019: TRY 24,081,057).

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

**NOTE 34 – NATURE AND LEVEL OF RISK ARISING FROM FINANCIAL INSTRUMENTS  
(Continued)**

**34.1 Financial Risk Management (Continued)**

**(iv) Financial Assets and Risk Management**

**Foreign currency risk**

The Group is exposed to foreign exchange risk through the impact of rate changes in the translation of foreign currency denominated liabilities to TRY. These risks are monitored by the analysis of foreign currency position.

The foreign exchange risk mainly arises from the impact of rate changes in the translation of the Group’s foreign currency denominated borrowings which are obtained to fund capital expenditures in domestic and overseas operations (The risk is monitored in regular meetings). The Group maintains a certain portion of its excess cash and cash equivalents in foreign currency to minimize the currency risk exposure.

The Group’s risk management policy for currency risk is to maintain sufficient liquid assets for the anticipated cash flows of raw material purchase and borrowing repayment amounts in each major foreign currency for the subsequent three to six months. However, this policy should be revised by the management when deemed necessary, according to market condition.

TRY equivalents of assets and liabilities denominated in foreign currencies at 31 December 2020 and 31 December 2019 are as follow:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Assets	7,808,101	110,005,146
Liabilities	(1,909,742)	(1,942,129)
<b>Net foreign currency position</b>	<b>5,898,359</b>	<b>108,063,017</b>

Following exchange rates have been used in the translation of foreign currency denominated balance sheet items as of 31 December 2020: 7.3405 TRY = 1 US Dollar and 9.0079 TRY=1 Euro (31 December 2019: 5.9402 TRY= 1 US Dollar and 6.6506 TRY=1 Euro)

(Continued)**

**34.2 Capital risk management**

The Group’s objectives when managing capital are to safeguard the Group’s ability to continue as a going concern in and to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the number of dividends paid to shareholders in accordance with the CMB regulations, issue new shares or sell assets to decrease borrowing. There are covenants related with the bank borrowings stated in Note 6 which the Group has to fulfill net debt / equity ratio as stated in the contracts of the related bank borrowings.

The net liability/total equity ratio at 31 December 2020 and 2019 are as follows:

	<b>31 December 2020</b>	<b>31 December 2019</b>
Total liability <sup>(1)</sup>	18,685,984	30,007,863
Less: Cash and cash equivalents (Note 4)	(4,591,178)	(14,156,497)
Net liability	14,094,806	15,851,366
Equity	639,554,191	654,580,299
Net liability and Equity	653,648,997	670,431,665
<b>Net liability / Total equity ratio</b>	<b>%2</b>	<b>%2</b>

<sup>(1)</sup> It is calculated total of long-term and short-term liabilities.

**NOTE 35 – FINANCIAL INSTRUMENTS (FAIR VALUE DISCLOSURES AND  
EXPLANATIONS ON HEDGE ACCOUNTING) (Continued)**

Fair value of financial instruments

The fair value of financial assets and liabilities is assigned as below:

- Level 1: the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices.
- Level 2: the fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions; and.
- Level 3: the fair value of the financial assets and financial liabilities are determined where there is no observable market data.

**NOTE 36 – INTERESTS IN OTHER ENTITIES**
